## **OVERVIEW**

With the application of over 35 years of experience, **Style by Choice** is a guide for the Australian building and joinery industry that has been formulated by the team at Anmar Group to aid designers and manufacturers alike.

**Lifestyle Range Product Catalogue** – The Lifestyle range of cabinets are flexible and modular, and based on the principles of the **Style by Choice Joinery Guide**. They form a versatile library of joinery for kitchens, laundries and vanities that are ready for use in design, allowing designers to achieve quicker results.

This document can be used for reference or in conjunction with the guide in the design and construction of kitchens and other joinery.

## WALL OVEN TOWERS

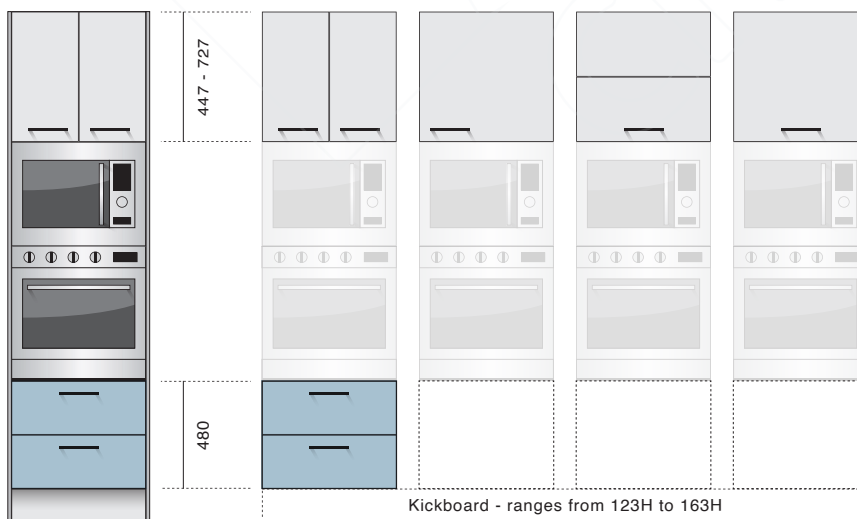

The wall oven tower options shown are designed around various appliance combinations that easily align with base cabinets from the Lifestyle range.

The designs are mainly dictated by the height of the appliance combinations and the base cabinet selection. Once these heights are known, an overhead cabinet of choice can be placed to complete the tower.
